

NOTIFICATION TO THE PARTIES

No. 2005/016

Geneva, 22 March 2005

CONCERNING:

Party-specific information

1. A number of Resolutions and Decisions request the Parties to provide information to the Secretariat, which it is then required to publish. For example, Parties have been asked: to submit information regarding the companies that have been licensed to engage in trade in caviar; to advise whether export permits are needed for the movement of personal effects of Appendix-II species; and to advise whether they accept certificates issued to authorize the frequent cross-border movements of personally owned live animals.
2. In the past, the Secretariat has provided this type of information on a case-by-case basis through Notifications to the Parties.
3. However, from now on, in order to make the information available more quickly and easily, the Secretariat intends to place such information on the CITES website, either in a subject-specific list or as an entry in the relevant Party's page under the 'National contacts' section.
